

## FRAUD IN FOOD FIGURES

Extensive Artificial Prices Shown by Investigations

## NEW YORK SEES RELIEF IN CO-OPERATION

Meat Drops a Cent a Pound in Chicago and Receipts Are Increased

Washington, Aug. 18.—Reports to the department of justice yesterday tell of the creation of artificial food prices all along the line. A district attorney in Texas reported that granulated sugar had risen from \$4.00 to \$7.50 per hundred weight since a week ago; Swiss cheese from 25 cents to 38 cents; flour from \$4.75 to \$5.10; beef ribs from 18 to 21 cents per pound; sirloin 28 to 32 cents; pork loins 18 to 25 cents, and smoked ham from 20 to 22 cents. The district attorney suggested that small consumers are charged even higher prices than hotels and restaurants. The figures quoted in a letter to the attorney general from the manager of one of the largest stock commission companies in the west showed that, while hogs declined in Chicago one dollar per hundred pounds and cattle declined 65 to 85 cents per hundred pounds, dressed products to the consumer advanced several cents per pound. "The packers claimed that reductions were made on account of financial conditions and money stringency," he wrote, "but I do not know what excuse they gave for advancing the dressed article. There is very little beef or pork exported."

## SHARP INQUIRY IN NEW YORK.

Forces Well Organized Committee to Discover Reasons for High Prices.

New York, Aug. 18.—Plans to stop speculation, which is said to have much to do with the increasing price of food, are to be perfected at a meeting of the executive board of the mayor's committee of 133 appointed last week to aid federal and county officials in their investigations of the causes of the upward trend of the cost of living. Joseph Hartigan, city commissioner of weights and measures, who is working with the committee, will present to the board a scheme in operating among grocery and drug retailers, by which they form associations and purchase in large quantities for the member stores, thereby obtaining marked reductions from the usual middleman's prices. Commissioner Hartigan believes that uniformly lower prices would result if there were more of these associations or cooperative stock buying companies.

Commissioner Hartigan discovered, he said, in a statement, that the wife of a poor man, who bought her table supplies at markets and from push cart peddlers, was able to purchase at prices much below those charged in better sections. Fruit that sold for five and ten cents apiece in the stores could be bought at the rate of six and eight for ten cents from the push cart. The high price of meat, the commissioner found, had resulted in increased demand for vegetables.

In the Long Island City section of Brooklyn, disorders occurred yesterday at meatmarkets and grocery stores where credit was refused to persons thrown out of work on account of the war closing the industrial plants in which they were employed.

The United Hebrew Trades is arranging for a meeting to protest against the high cost of food, and the secretary of the central federated union announced that a committee of the union would meet with Samuel Gompers, president of the American Federation of Labor, here yesterday regarding the increased prices of certain foodstuffs.

Governor Fieider of New Jersey yesterday directed Attorney General Westcott and the twenty-one county prosecutors of the state to investigate every combination that may exist in New Jersey to boost the price of foodstuffs. The governor declares that if there is any combination among speculators and dealers to raise food prices, such combination may be prosecuted under the Seven Sisters antitrust laws of the state. If a combination is found grand jury action is called for by the governor.

## MEAT DROPS A CENT A POUND.

Receipts of Hogs and Cattle Nearly Double Those of Week Ago.

Chicago, Aug. 18.—Coinciding with the opening yesterday of the federal investigation here into the advance in prices on foodstuffs, cut meats at the stockyards

## IT'S GREAT FOR BALKY BOWELS AND STOMACHS

We want all people who have chronic stomach trouble or constipation, no matter of how long standing, to try one dose of May's Wonderful Stomach Remedy—one dose will convince you. This is the medicine so many of our local people have been taking with surprising results. The most thorough system cleanser we ever sold. May's Wonderful Stomach Remedy is now sold here by "Russell's," The Red Cross Pharmacy.—Adv.

## STOP AT REVERE HOUSE BOSTON

Hot and cold water, long distance telephone, bath, and service unexcelled. \$1.00 Per Day and Upwards

## 7-20-4

Cigar. Thirty-nine years' continuous increased sales tells its own story. Factory, Manchester, N. H.

## CLEANSE THE BLOOD AND AVOID DISEASE

When your blood is impure, weak, thin and debilitated, your system becomes susceptible to any or all diseases. Put your blood in good condition. Hood's Sarsaparilla acts directly and peculiarly on the blood—it purifies, enriches and revitalizes it and builds up the whole system. Hood's Sarsaparilla has stood the test of forty years. Get it to-day. It is sure to help you.—Adv.

declined 25 to 30 cents a hundred wholesale. This is said to mean a retail decline of one cent a pound. It was explained that the recession in prices was due to receipts of hogs and cattle nearly double those of a week ago.

## Franconia at Liverpool.

The Cunard liner Franconia, which sailed from Boston on Aug. 8, after having been held in port for several days, arrived at Liverpool yesterday.

## GERMAN LLOYD FLEET FOR SALE

Wall Street Hears Ships in Atlantic and Pacific Can Be Had for \$25,000,000.

New York, Aug. 18.—The entire Atlantic and Pacific fleets of the North German Lloyd line are for sale to American buyers, Wall Street learned yesterday. If arrangements can be made for the purchase of the liners, the company will sell all of them as soon as possible, it was said. The price asked for all the steamships of both fleets was fixed at approximately \$25,000,000.

This, with the announcement of the Hamburg-American line that \$20,000,000 worth of its big liners were offered for sale and that negotiations for the sale were now being conducted, gave added interest to the coming action on the ship registry bill. With \$45,000,000 of first-class liners ready to pass into the registry of the United States, Wall Street saw the immediate building up of a great American merchant marine.

## CENSORSHIP PLAN SOON.

Wilson Seeking Impartial Method for Dealing with Both Cable and Wireless.

Washington, Aug. 18.—President Wilson expects within the next 24 hours to find an impartial plan for dealing with the question of censoring wireless and cable messages out of the United States to the nations involved in the European war. He is consulting with department of justice officials and with international law experts on the subject.

The president told callers yesterday that the chief difficulty is that cables can deliver messages only on this side or the other side of the ocean, while the chief sphere of the wireless is in mid-Atlantic. In a general way, the president followed the line of argument presented by France, England and Russia, in protesting against any cable censorship.

Mr. Wilson declared that he was seeking very earnestly to find a fair solution of the difficulty. Replying to a suggestion that it would be easy for Great Britain to transmit messages from the United States to Canada and then send them across the Atlantic, the president said that the practical difficulties of censorship to Canada were almost insurmountable.

## BACKS PRIMARY LAW.

Observe It in Letter and Spirit, Urges Whitman.

Saratoga, N. Y., Aug. 18.—District Attorney Charles S. Whitman of New York, last of the three Republican candidates for governor to reach Saratoga, put in an appearance yesterday afternoon. Whitman's first act was to announce his objection to plans put under way during the last day or two by some of the delegates to have the Republican state convention endorse a candidate for governor.

"While such a recommendation would not be binding," said Mr. Whitman, "it would be contrary to the spirit of the primary law. It seems to me we should observe both the letter and spirit of the law."

Harvey D. Hinman, one of Mr. Whitman's rivals for the nomination, was ill yesterday. His physician told him he must remain in bed all day, promising that if he did so he probably would be about to-day.

The committee of 30 which is drafting the platform for the candidates for delegates-at-large to the constitutional convention was in session all day. Other than there was little in the way of political activity. Most of the 610 delegates had reached Saratoga in readiness for the convention to-day.

## PERFECTING DETAILS

For Separation of B. & M. and New Haven Railroads.

Washington, Aug. 18.—T. M. Gregory, special counsel for the government in the New Haven railroad case, conferred yesterday with Attorney-General McReynolds regarding the government's case for the partition of the Boston & Maine from the New Haven railroad.

Mr. Gregory will confer within a day or two with Moorfield Story, counsel for the New Haven lines, to agree upon minor technical details as to the pleadings and judgment to be entered in the United States court for the southern district of New York in settlement of the case.

The only interest of the government is to separate the Boston & Maine from the New Haven, and the details of the agreement already have been outlined.

## REGISTERED PERCHERON STALLION COCO

FRANCE No. 51,575, AMERICA No. 51,575, SEASON OF 1914. Coco, No. 51,575, was nine years old March 18, 1914; was bred in France, imported in 1907; has fine action and good style; stands 16 hands high; weight 1,500 pounds. His color is a nice bay, with silvery chestnut on a nice bay. He is one of the best of the best draft stallions in Vermont. Coco will stand at the stable, Irving W. Bates in East Barre, 1 mile from East Barre village. TERMS—\$2.00 at time of first service, and \$1.00 for each subsequent service. I have complied with the laws of Vermont regarding stallions and shall hold cells for service. See.

IRVING W. BATES, N. E. Phone 234-12; People's Phone 9-43, Washington.

Registered Courtesy Bull calves for sale.

## REBELS FILL THE CAPITAL

No Drunkenness or Disorder Remarked Among Them

## CARRANZA HIMSELF ENTERS TO-DAY

Legation Guards Under Former British Officer

Mexico City, Aug. 18.—General Venustiano Carranza, chief of the Constitutionalist army, will enter Mexico City to-day, it was announced yesterday. By this time, it is expected, all the Constitutionalist troops, including General Francisco Villa, with 20,000 men, will have arrived, and members of General Carranza's cabinet will be here. Troops continued to pour into this city yesterday to augment the 12,000 led in Saturday by General Obregon. There was not a single case of drunkenness or disorder in the capital yesterday. The saloons continued closed by direction of General Conio Rebollo, the new inspector general of police.

A magnificent private train, formerly belonging to President Diaz, was sent to Tlalampantla until his entry into the capital. General Carranza and his staff, however, kept to the ramshackle old train in which he has campaigned thousands of miles. The general said that he desired no favors for his comfort.

A report has been received here that thirty foreigners, including women and children, are held prisoners by Emilio Zapata's men near Miraflores. A move was started by foreigners, none of them Americans, to arm themselves and go to the rescue. Later it was discovered that the foreigners were not prisoners. At the request of the British minister and other members of the diplomatic corps a body of Constitutionalist troops have been sent from General Blanco's brigade to Miraflores to afford protection to the foreigners and to check any outbreak. The legation guards in the capital have been placed under command of Lieutenant Colonel Ivor Thord Gray, a former British officer who has performed distinguished services under General Obregon. Three Constitutionalist soldiers were executed at Nechimo Saturday for disturbing the property of foreigners in Mexico. General Carranza gave his promise to the diplomats who visited him recently at Teoloyucan that he would have shot any of his men caught looting.

## FARMERS' CO-OPERATIVE PAYS.

Butter Association Pays \$1,500,000 to Its Patrons in 12 Years.

Tomah, Wis., Aug. 18.—The Farmers' Co-operative Butter association of Tomah, Wis., in 12 years has paid its patrons about \$1,500,000 for butterfat. For the year 1904, the receipts of cream amounted to \$71,799.41. For the year 1913, it reached \$232,676.04. The company is just completing a new plant at a cost of \$10,000, which is modern in every respect and will give them one of the finest creameries in Wisconsin. The entire output of the creamery, less local sales, goes to a butter house in Philadelphia. The 1913 report shows an average net price at the creamery of 30.3 cents per pound for butter. The Elgin price for the same period was 30.9 cents. The farmers were paid for fat delivered at the creamery 35.1 cents. It cost 1.2 cents to make a pound of butter. The average overrun was 18.76 per cent.

## PROGRESSIVE COUNTY CANDIDATES

Put Forward by Charles H. Thompson of Montpelier.

Charles H. Thompson announces that men who will be candidates for election in the coming Progressive party postal primary in Washington county August 26 are as follows:

For the Senate—Lynn M. Gray, Plainfield; Dr. H. D. Hopkins, Waterbury; Charles D. Asheley, Montpelier; Don P. Sawyer, Middlesex.

For assistant judges—Byron L. Wilbur, North Montpelier; J. C. Sargent, Northfield.

For sheriff—J. A. Chapin, Middlesex.

For high bailiff—William Duthie, Barre.

"We shall endorse Frank J. Martin for probate judge," says Mr. Thompson, "believing that judges should be elected by the people, but when they are men of integrity, they should be made candidates for non-partisan office and endorsed by all parties."

The Red Cross Pharmacy  
148 N. Main St. Barre, Vermont

## WHEN AND HOW THE BODY POISONS ITSELF

The underlying cause of much headache, particularly migraine, or sick headache, bilious attacks, vertigo, or dizziness, is intestinal auto-intoxication. This process, recognized only in recent years, is the absorption into the blood of poisons produced in the intestines from the residue of food.

The two most prominent factors in causing this condition are constipation and excessive meat eating. It can therefore be largely avoided by care in the diet and the use of a laxative which will clear away the fermenting residue of food which is generating the poisons. Pinklets, the new laxative, are admirably suited to protect the body against the dangers of auto-intoxication for they gently assist nature and do not grip or purge. Harsh purgatives leave the system in a worse condition than they find it but Pinklets give just the stimulation to the organs of excretion that is needed to produce natural action and if they are used regularly for a time they will really correct constipation.

Your druggist sells Pinklets or they will be sent, postpaid, on receipt of price, 25 cents per bottle, by the Dr. Williams Medicine Co., Schenectady, N. Y. Send today for booklet and free sample.

## POLICEMAN KILLED BY A NEGRO

Latter Surrenders Only After House Is Riddled by Bullets and His Ammunition Exhausted.

Chicago, Aug. 18.—One policeman, George Trumbull, was killed and another wounded yesterday as a result of the desperate resistance to arrest of Simon Hogan, a negro, accused by another negro of robbery. Hogan was wounded in the hand and a bullet went through the helmet of a third policeman.

Hogan surrendered after the frame dwelling in which he had taken refuge was surrounded by policemen, who riddled the building with rifle and revolver bullets.

Trumbull and two other officers went to Hogan's lodging place to investigate the robbery complaint. Trumbull entered Hogan's room and was shot by the accused. He died in an hour. Hogan escaped, but was located a few hours later in a frame house. He opened fire at once on the half-dozen policemen then present, and reserves with rifles were sent for. When Hogan's ammunition gave out, he surrendered.

## SHOT AND KILLED BY POLICEMAN

Harry Hamilton Shot His Boardinghouse Keeper, the Cook and a Police Sergeant, but None Fatally.

Ononta, N. Y., Aug. 18.—After shooting three persons, Harry Hamilton of Brooklyn was shot and killed by a policeman on the porch of his boardinghouse last night.

Hamilton, drink crazed, shot a woman boardinghouse keeper, a negro cook, and a police sergeant, but none fatally.

## WOMAN'S SLAYER TAKES POISON.

Negro Who Killed Architect's Wife Reported Dying.

Chicago, Aug. 18.—Frank Lloyd Wright, the architect is arranging for the funeral of Mrs. Mamah Borthwick, his so-called "spiritual wife," who was killed on Saturday by her negro chef, Julian Carlton. Mrs. Borthwick was formerly the wife of a wealthy manufacturer, Edward Cheney, whom she left to go to Europe with Wright, who had a wife of his own. Cheney and Wright have been meeting on friendly terms since the murder. Cheney's two children and three other persons were all victims of Carlton's fury.

Physicians who have examined the negro say he is insane. He declares he has taken poison and will soon die. The bungalow in which the crime was committed was partially destroyed by fire. Carlton had soaked the floors with kerosene.

## Bank Robbed.

Pittsburg, Pa., Aug. 18.—Two men entered the Homestead National bank yesterday, covered the officers with revolvers, took all available cash and fled, escaping in an automobile.

Cashier John O'Leary and George Turner, bookkeeper, were the only officials in the banking room. Several depositors stood before the teller's window when the two men entered. The amount of money stolen is believed to be between \$2,500 and \$5,000. Cashier O'Leary described the robbers as about 18 and 20 years of age.

## TUBERCULOSIS

In addition to plenty of fresh air and proper food, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alternative to stop night sweats, banish fever, and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.

Eckman's Alternative is most efficacious in bronchitis, catarrh and severe throat and lung affections, and in up-building the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa. for booklet telling of recoveries. Price \$1 and \$2 a bottle.

## NOTICE

The members of the Granite Mutual Insurance Company of Barre, Vt., are hereby notified that the following assessments have been levied by the directors of said company on all premium notes in force on the following dates, viz:

August 10	10 per cent.
August 31	10 per cent.
September 30	10 per cent.
October 31	10 per cent.
November 30	10 per cent.
December 31	10 per cent.
January 31	10 per cent.
February 28	10 per cent.
March 31	10 per cent.
April 30	10 per cent.
May 31	10 per cent.
June 30	10 per cent.

For the fiscal year ending July 31, 1914, payable to the treasurer of the company on or before September 1, at the home office, city of Barre, Vt. By order of the directors.  
R. G. ROBINSON, Treas.

## SHAMROCK IV IN, TO LAY UP YEAR

Sir Thomas Lipton's Cup Challenger Arrives After War Warnings at Sea.

New York, Aug. 18.—Sir Thomas Lipton's cup challenger, the Shamrock IV, was warped alongside the dock of a South Brooklyn shipyard yesterday morning and workmen began to remove the ketch-rig under which the big sloop had sailed most of the way on her long voyage from England to this country.

Capt. Turner, sailing master of the Shamrock, said the voyage from Bermuda to this port had been without incident and that he had not sighted any hostile war vessels on the way. He said the Shamrock would not be re-rigged, but would be hauled out, boxed up and placed in winter quarters at once.

Sailing master and crew were greatly disappointed because the cup yacht races would not be sailed this year. It is understood that Sir Thomas' yacht Erin, which conveyed the Shamrock, sent a wireless message yesterday to the German-owned wireless station at Sayville, L. I., thanking the station for its unwitting assistance in enabling the Shamrock to dodge German war craft. By picking up messages intended for German cruisers, the Erin was warned of their proximity.

## Fight Postponed.

London, Aug. 18.—The fight arranged for last night between "Gunboat" Smith, the American heavyweight pugilist, and "Young" Ahearn of New York has been postponed until August 24, owing to the illness of Ahearn.

## IN THE FIELD OF SPORTS

Ragon, the Cornell pitcher, is twirling for Newport this season under the name of Morgan.

Blak and Bender of the Mackmen are the leading pitchers of the American league. Wood, Leonard and Shore of the Boston team follow in the order mentioned.

Eddie Collins and Maise lead the American league with stolen bases, each having 41. Moeller, last year's runner-up in the league, is in 14th position with 20.

Francis Quimet, Jerome Travers and Evans are the big three entrants at the national championships to be held at the Ekwanok course at Manchester this month. There is, however, a large enough entry of golfers to produce a dark horse and carry away the amateur title.

The American polo players will make no attempt to recover the lost polo title to England in 1915. This action was taken recently, as it would be deemed unsportsmanlike to forward a challenge while England is embroiled in war.

The inability of Germany to arrange for the holding of the Olympic games in Berlin in 1916 has led to the suggestion by prominent English sportsmen that Sweden again undertake the task. This Sweden would probably do, providing the other nations agreed to participate.

The Boston Americans have bought Shorten, the star outfielder of the Worcester New England league club. He will report to Boston at the close of the season. He has been hitting for 356 this season. He has been fielding for .973.

Felder Jones, the well known manager of the Chicago Americans several years ago, has accepted the terms of the Federal league and will succeed Miner Brown as manager of the St. Louis Feds. He will take charge of the club on Friday. Jones has resigned as president of the Northwestern league. Brown will be able to remain as a player with the St. Louis team.

The Cincinnati team dropped into last place in the National league last week. Herrog's success is similar to his predecessors. Both O'Day and Tinker led winning organizations during the first of the season, only later to drop out of sight.

President Comiskey of the White Sox has paid another fabulous sum for a baseball player but will use different tactics this time and hopes to fare better in his purchase than in either the case of Blackburne or Chappell. Comiskey paid \$12,000 for Outfielder Felsch of the Milwaukee American league team. He will not report at all this year. By the start of next spring Comiskey hopes that the public will have forgotten about the price paid and thus enable Felsch to work without the public expecting too much from him.

Kenney of Newport still leads the Twin State league batters with an average of .371. Conroy of Northampton is second with .357. Brickley is only hitting for .262. McElwee of Kenne has dropped to .248. St. John of the same team is only hitting for .233, and Billy Murray of 188. The Northampton club leads the league in batting. Babington of Northampton leads the league for total number of hits and total number of runs scored.

Martin Walsh, a brother of Big Ed Walsh of the White Sox, leads the Eastern association pitchers with 14 wins and three defeats.

Benny Kauff, the kingpin hitter of the Indianapolis Fed team, has 18 bats. He should be able to find one to his liking every day in the week.

Here is a tale of one of the most remarkable shots ever made at golf just reported from the Kekionga Golf club at Fort Wayne, Ind., although it happened last fall. Wright Dodez was playing Fritz McCullough in the semi-finals for the trophy. His drive was short and hit a long branch on the approach.

The ball went among the branches of the apple tree. The ball was finally discovered, half imbedded in a big, melon pipkin which had dropped into the crotch of one of the branches. Dodez elected to play the ball from its lie. Climbing the tree he hooked a leg over the limb, splattered the apple all over the links, and his ball tore free and rolled to the edge of the green. He ran down a long put and halved the hole.

Murdoch Brown, manager of the St. Louis Feds, is not done for as a pitcher yet. In the last three starts Brown has emerged a winner.

It is quite certain now that there will be no invasions of Europe by big league ball teams this winter.

## Loses Twin Babies.

London, Aug. 18.—Mrs. Gerard Leigh, formerly Helen Gould of Chicago, has been seriously ill since the departure of her husband, an officer in the life guards, for the front. Her twin babies, born a few days ago, have both died.

## RESERVE BOARD KEPT BUSY.

Many Problems Up for Consideration at Second Formal Meeting Yesterday.

Washington, Aug. 18.—Many problems were up for consideration of the federal reserve board at its second formal meeting called for yesterday. The board must act soon on the selection of a large number of class C directors of the federal reserve banks, the other two classes, A and B, already having been appointed. Their appointments must precede final organization of the federal reserve system. Protests of Baltimore against Richmond's being selected as a federal reserve city, and of Omaha against being

included in the Kansas City district, also are before the board.

## Strong Indorsement for Suffrage.

The strong indorsement of equal suffrage by the State Federation of Labor in their convention Tuesday adds new force to that movement for there is no body of men whose women need the ballot and know how to use it more than the working class.

Besides the several suffrage societies, the following are on record in Vermont for the enfranchisement of women: The Grange, Women's Christian Temperance union, Federation of Labor, and the Progressive, Prohibition and Socialist parties. Sentiment of that kind and quality should convince any legislature.

If the women of the state will unite on a simple suffrage measure, leaving constitutional and incidental questions till later, nothing can prevent victory next year.—From The Advance.

## NATIONAL LEAGUE

Yesterday's Games

At Cincinnati—Boston 11, Cincinnati 1 (first game). Batteries—Rudolph and Gowdy; Benton, Clarke and Gonzales. Boston 5, Cincinnati 3 (second game). Batteries—James and Gowdy; Schneider and Clarke.

At St. Louis—St. Louis 4, Philadelphia 1. Batteries—Perdue and Snyder; Mayer, Rixey and Killifer.

At Pittsburgh—New York 7, Pittsburgh 3. Batteries—Tessera, Fomme and McLean; Harmon, McQuillan and Coleman.

At Chicago—Chicago 3, Brooklyn 0. Batteries—Lavender and Bresnahan; Allen and McCarthy.
